“May this Easter be for each of you, dear brothers and sisters, and in particular for the sick and the poor, the elderly and those experiencing moments of trial and weariness, a passage from affliction to consolation. We are not alone: Jesus, the Living One, is with us, forever. Let the Church and the world rejoice, for today our hopes no longer come up against the wall of death, for the Lord has built us a bridge to life. Yes, brothers and sisters, at Easter the destiny of the world was changed, and on this day, which also coincides with the most probable date of Christ’s resurrection, we can rejoice to celebrate, by pure grace, the most important and beautiful day of history.”

## Be the Light

Being a Lighthouse is really not easy. You are always being placed in the worst point between the land and the sea. Despite rain, torrent wave beating on you, or sunshine, you will need to do your job by providing life-saving light to ships so that they don't get wrecked. After years and years of doing your job, you may get a fresh coat of paint or maybe a change of reflectors. Being a Lighthouse is not an easy job, it is thankless, because no ships will come up to a Lighthouse to say thank you.

However, countless lives may have been saved or guided properly into a harbour. In life, what we do may never be appreciated but do we want to care? We just keep doing and shining on our own. Once a while we do some upgrade and we continue along the way.

Maybe one or two may come up and say thank you, however we shouldn't be too concern as long we know what we are doing is right and meaningful. Although alone, we share our light with those navigating in the darkness. Once you see the light, you know you have reached the end of your depth and you shall now be guided to a safe passage by following your light.

Never stop being the light you are for others.
